**Impact models and Socio-environmental Evaluation Collaborator. Banca Etica. Italy.**

*I work in Banca Etica as collaborator of Impact models and socio-environmental assessment office. The core activity of the team is the measurement and the disclosure of the socio-environmental impacts of Banca Etica's assets, in order to let the bank, and its members and customers, know how we create impact through the granting of credit (and to address it) and to respect our principle of transparency. I have a bachelor's degree in Business Administration and Management from Bocconi University and a master's degree in Environmental Economics from Università degli Studi di Torino.*
