

Louise Hannon

Head of Research Post Award. University of Galway. Ireland.

Currently Head of Research Post Award at University of Galway, Louise Hannon has significant experience in all stages of the Research Lifecycle. As both a Research Fellow and as a Project Manager working principally on largescale collaborative FP7, H2020 and Interreg NWE Research Projects. More recently, Louise was Head of International Research Programmes at University of Galway and has continued to be support the ENLIGHT RISE Project at University of Galway since proposal preparation. The University of Galway Co-Leads the ENLIGHT RISE WP8 - Impact of the common R&I agenda and Louise provides the University's considerable contribution in this work stream. A Chartered Civil Engineer and a graduate of Trinity College Dublin, prior to joining University of Galway, Louise was an Associate at one of Ireland's Leading Civil Engineering Design Consultancies. An experienced problem solver, innovator, project and people manager she continues to support impact driven research as a strong proponent of design thinking and stakeholder engagement. In addition, to a degree in Civil Engineering from Trinity, Louise has further post graduate qualifications from Trinity and University of Galway and a professional qualification in Project Management.
