

Thomas Christensen

ENLIGHT Impact Ambassador 2024. Associate Professor in Health Informatics. Participatory eHealth and Health Data research group. Department of Women's and Children's Health. Uppsala University & Uppsala University Hospital. Sweden.

Maria Häggglund is an associate professor in health informatics and a senior lecturer in implementation science at the Uppsala MedTech Science & Innovation Centre, Uppsala University. During 2019/2020 she was a Keane OpenNotes Scholar and a visiting Lecturer on Medicine at Harvard Medical School. Her research has focused on user-centered systems that support collaboration and patient empowerment. As a member of the [DOME research consortium](#) and PI for the international research project [NORDeHEALTH](#), as well as several Swedish research projects, she has explored the impact of patients' online access to their electronic health records (including clinical notes). She was the Chair of the [Swedish Medical Informatics Association \(SFMI\)](#) 2020-2022, and as such represented Sweden in the International Medical Informatics Association (IMIA) general assembly. Maria chairs the EFMI Working Group "[Citizen Health Data](#)".
